

FLEXO® FW

FLEXO WRAP (FW) is an exclusive product engineered and manufactured by Techflex. Flexo Wrap provides the perfect solution to a wide variety of unique application challenges. **FW** is available in standard Polyethylene Terephthalate (**FWPT**) or as a Flame Retardant product (**FWFR**).

The color matched hook and loop closure provides for easy on and off installation, as well as instant and convenient access for harness break-outs and rework of any specific section along the entire length of the run. Combined with the open weave design, **FW** will conform to a variety of bundle diameters and irregular shapes.

All grades and sizes of **FLEXO WRAP** are available in either bulk spool put-ups or retail packaged in convenient 6 foot lengths.

All sizes of **FWPT** are available in black. Additionally, the 1-1/4" **FWPT** is available in Gray and Beige.

FWFR is only available in Black with a White crisscross tracer to identify it as a flame retardant product. **FW** cuts easily and cleanly with a hot knife.

- **UL Recognized Component**
- **UL Rated VW-1 (FWFR only)**
- **Cut & Abrasion Resistant**
- **Chemically Inert**
- **Halogen Free**
- **UV Resistant**
- **Maintains Properties Across Wide Temperature Range**
- **Organic Flame Retardant (FWFR only)**
- **Easy to Install**

FLEXO WRAP is designed for quick and easy management of wire, cable and hose assemblies. Just separate the hook and loop fasteners along the edge of the material....

and slip the entire length of **FW** around or under your harness or component assembly. The wide expandability range allows **FW** to easily fit around...

odd-shaped connectors and gently constrict around the diameter of your wires. When the **FW** is in place, simply seal the hook and loop along the edges.

Since 1963, **TECHFLEX** has been engineering and manufacturing a wide range of expandable braided sleeving products for everything from biomedical and avionic research and development to wire, hose and cable beautification and protection solutions for hot rod enthusiasts. Our experience with this broad market, as well our wide selection of general purpose and high-tech specialty products, has made **TECHFLEX** the first name in braided expandable sleeving solutions.
