

# Mylar

- **Economical & Easy to Install**
- **Expands up to 150%**
- **Halogen Free**
- **Conductive Mylar for Shielding Applications**

Light weight and economy make MY an ideal product for designing and tying fishing lures of all types and sizes. Several world records have been set with lures constructed with Techflex sleeving.

## Lightweight, Economical Metallic Alternative

When your needs don't call for the durability or toughness of our CH or CX sleeving, Mylar (MY) is an ideal, economical alternative. MY is perfect for cosmetic applications and a wide variety of installation methods create dramatic results.

Audiophile cable builders often use MY under other sleeving types to create a unique, custom visual effect. Applications that combine MY with a more robust sleeving will withstand abrasion and general use and still have the custom, "Wow!" effect cable fabricators are looking for.

Braided from thin metallic Mylar strips along with transparent PET monofilament, MY creates a sparkling, highly reflective effect.

MY can be used instead of Mylar sheets to wrap and bundle cables.

Spectacular highlights and unique visual effects are achieved when Mylar is combined with other sleeving types.

Nominal Size	Part #	Expansion Range		Standard Spool Put-Ups		Available Colors	Lbs/100'
		Min.	Max.	Bulk Spool	Mini Spool		
1/4"	MYN0.25	1/8"	7/16"	1000'	200'	2 in-stock colors	.17
1/2"	MYN0.50	1/4"	1"	500'	100'	2 in-stock colors	.35
