

Application

Speaker cables for Audio connections.

Construction

Inner conductor
Dielectric
Sheath

Plain Oxygen Free Copper
LSZH Insulation
LSZH Sheath.

Mechanical Characteristics

- | | |
|---|---|
| 1. Inner conductor diameter: | 1.50mm ² Plain Annealed Copper |
| 2. Insulation diameter: | 2.50mm (Natural) |
| 3. Core Colours | |
| 2 Core | Red, White |
| 4 Core | Black, Red Green & White |
| 4. Sheath diameter: | |
| 2 Core | 6.70 ± 0.30mm |
| 4 Core | 7.80 ± 0.30mm |
| 5. Cable Storage/operating temperature: | -15°C to +70°C |
| Minimum installation temperature: | -5 °C |

Electrical characteristics

- | | |
|--------------------------|--------------------|
| DC resistance conductor: | ≤ 13.3 Ω/km @ 20°C |
| Operating Voltage | 50V |
